

PRaise SENATOR WHITEHEAD AND ADMIT HIS STRENGTH

Press of Wisconsin on the Janesville Man's Candidacy for Governor.

IS IN THE FIGHT TO WIN

Personal and Political Worth is Recognized in All Parts of the State.

That the First District's Claim is Valid is Not Debated; and Splendid Tributes Are Paid the Bower City Legislator—Stands on the High Middle Ground and Therefore His Candidacy is Declared to Be "Very Formidable"—A Collection of Clippings.

The newspapers of Wisconsin appear to have a very friendly feeling for Senator John M. Whitehead, as is shown by the clippings presented herewith. The announcement of his candidacy for governor caused much talk about the state as the "gentleman from Rock" has been one of the acknowledged "big men" of the Badger commonwealth. The Madison State Journal pays him a very handsome compliment indeed, while The Beloit Free Press, The Marinette Eagle, The Milwaukee Journal, The La Crosse Chronicle, The Oshkosh Northwestern and many others in all parts of the state speak of his candidacy in a spirit of cordial friendliness.

Two points that are made particularly prominent are that Senator Whitehead is of acknowledged ability and standing; and that he is a broad gauge man with no factional entanglements. It is generally conceded that he occupies the middle ground, and has the confidence and esteem of all the elements of the party.

It is also recognized that the First district's claim is valid; that his candidacy stands upon its own merits; and that he does not and will not represent any faction, clique or ring. Furthermore, as the Beloit Free Press puts it, "it is an instance where the office seeks the man," and this fact, too, is readily acknowledged by the press.

Following are some of the complimentary notices published since the announcement of the senator's candidacy was made:

A Splendid Tribute.

Madison State Journal. Official State Paper.—The state issue in Wisconsin in this and the next few years is to be taxation, railroad, personal and realty. It is a wise and progressive legislator on these lines that John M. Whitehead of Janesville, is best known to the people of Wisconsin. It is not too much to say that he is the father of the tax commission, the bill bearing his name and his statesmanlike speeches on the subject turning the scales in favor of what at first was an unpopular proposal. While Mr. A. R. Hall will ever be credited with the largest credit for abolishing the free pass in this state, it was Senator Whitehead's amendments, in the hopelessness of proposals, that finally prevailed. He has consented to allow the use of his name as the republican candidate for governor of the state.

The announcement will carry inspiration and real enthusiasm to all who know this splendid type of man. Other men in the state surpass him in ability and brilliance. His chief asset is character, which is the comment of all who know him and which commands the unqualified admiration of political friends and foes alike. But to this he adds education and culture, long years as a practitioner of the law; four years in the senate; ability in public speech, and a happy, striking personality which causes strangers to ask who he is and which kindles the conviction in all that here at last is a Man. Senator Whitehead is a student of public affairs. As a senator he approached successive legislative problems with all the thoroughness of one who administers a trust faithfully. His candidacy at this time is peculiarly felicitous; if not urgent. He divides with Senator Stout the occupation of a vantage ground between and above factions, which all good republicans and good citizens wish wiped out forever. As a tax reformer, he would proceed earnestly and in good faith, that will satisfy the restless ill-defined demands of the rank and file of citizens; and yet with an honesty of purpose and a judicial conservatism that cannot fail to command the respect of any railroad or any corporate institution, unless it unfeignedly seeks to favor legislation with deception and intrigue.

We speak with enthusiasm of John Whitehead's candidacy because we

know him. In the zenith of his manhood, skilled in state affairs, governed by personal motives of responsibility beyond those that animate less thoughtful and more crafty public men, modest and with a personality that betokens his strength and charm, the elevation of this man to the governorship of the splendid state of Wisconsin would crown the work. Massachusetts has long rejoiced in such young, able, attractive giants in public affairs as Russell and Wolcott, John M. Whitehead belongs to that order of men.

Office Seeks the Man

Beloit Free Press, Rep.—Yielding to the earnest solicitations of friends throughout the state, Senator John M. Whitehead has consented to become a candidate for the republican nomination for governor.

This is strictly an instance where the office has sought the man, not the man the office, as it is literally true that by no word of his own has the senator sought or encouraged the growth of the movement in behalf of his candidacy to its present proportions. This movement has not been confined to southern Wisconsin, but has strength and activity in all portions of the state, for the senator is generally known throughout the state by his splendid record in the legislature the past four years, wherein he was one of the acknowledged leaders, and was prominently identified with all legislation which had in view the public good.

As a candidate for governor, Senator Whitehead will be an ideal man. Intellectually a strong man, a prominent and successful lawyer, a man who possesses the fullest confidence of his acquaintances, a zealous republican and allied to no faction, calm, judicious and impartial in his judgment, in the executive chair he would not only reflect honor upon himself but upon the state. His candidacy will be warmly endorsed by every thoughtful and loyal republican in the First Congressional district and will undoubtedly receive the cordial commendation of such republicans throughout the state, for they know well that as an able and faithful executive he would be a most worthy successor of the faithful Scottfield, who will retire with the encomiums of all citizens, irrespective of party, who desire an honest administration of state affairs.

On Middle Ground.

The Milwaukee Journal's "Man With the Hoe," admittedly a shrewd political writer, gives Senator Whitehead this pleasant notice:

The politicians are discussing about the hotel corridors the newly announced gubernatorial aspirations of State Senator John M. Whitehead of Janesville. In the last legislature Senator Whitehead was one of the conservative reformers and the members who were at a loss to know how to proceed to carry out the pledges of the last republican platform leaned heavily upon the Janesville man in their predicament. To Senator Whitehead more than to any other one man in the legislature the credit is due for the passage of the law creating the state tax commission. Mr. Whitehead has a host of admirers, and should be able to secure nearly, if not all, the 112 delegates which the First district is entitled to in the state convention.

Moreover, the announcement in The Journal some days ago that Mr. La Follette would be in the race for the nomination for governor has definitely settled the aspirations of a number of men whose names were mentioned as possibilities in the state convention. Senator Whitehead may be selected as a compromise candidate, because he has all through occupied a middle ground, giving offense to neither faction of the party. If the contest narrows down before the convention to a fight between "Long" Jones and La Follette, as some wisacres affect to believe it will, there is a strong probability that an effort will be made to bring about a compromise with Senator Whitehead at the head of the ticket.

Will Draw Strength.

Marinette Daily Eagle, Rep.—Another candidate for governor has been announced, this time from the First Congressional district of the state. The First is one of the districts which at present has no representation on the state ticket and the nomination of a candidate for governor from that district would not interfere with the continuance in office of the present state officers. If the district comes to the Republican state convention united on a candidate, it ought to have a strong influence in naming the successful contestant. With John M. Whitehead as its candidate it could no doubt draw strength from other districts and have a good chance for winning. Senator Whitehead has an enviable record as a member of the state Senate. If he were the candidate of the party it would need to make no apologies for him.

Respected and Influential Leader.

The Monroe Evening Times, in publishing The Gazette's announcement, says: "Senator Whitehead was one of the respected and influential leaders in the last legislature and was actively interested in securing the passage of the law creating the state tax commission. He

was born on a farm in Illinois in 1852, is a graduate of Yale college, and a leading lawyer of Janesville, where he is held in universal esteem."

A Most Formidable Candidate

La Crosse Chronicle, Official Bradford Organ.—The statement comes from The Janesville Gazette that Senator John M. Whitehead of that city, has consented to the announcement of his candidacy for the republican nomination for governor. Everyone will freely admit that Senator Whitehead is the most formidable candidate to enter the race since Ira Bradford's announcement. He is a man of ability and strength.

Quite a Conspicuous Boom.

Oshkosh Northwestern, Rep.—Another gubernatorial candidate has shied his cantor into the ring. Senator Whitehead of Janesville has announced himself through The Janesville Gazette. The Gazette launches quite a conspicuous boom for the candidate of the First district, devoting much space to that subject in argument, biography and commendation of its candidacy.

Will Have Strong Support.

Milwaukee News, Ind. Dem.—State Senator John Whitehead of Rock county, has announced his candidacy for governor. He is the author of the taxing bills and will have a strong support from the First district in the convention.

La Crosse Is Friendly.

The La Crosse Daily Press, Independent, shows its friendliness to Senator Whitehead by reproducing The Gazette's editorial concerning his candidacy.

In the Race.

La Crosse Republican and Leader. Rep.—Senator John M. Whitehead of Janesville has consented to allow the use of his name as a candidate for the republican nomination for governor of Wisconsin.

Not For Exhibition.

Milwaukee Sentinel, Rep.—It is safe to assume that Senator Whitehead of Rock county has not become a candidate for the gubernatorial nomination for exhibition purposes.

Tax Law Champion.

Milwaukee Journal, Ind.—Senator Whitehead is one of the leading lawyers of Janesville. He is 48 years old, a graduate of Yale university and was elected to the state senate in 1896. He was the author of what is called the Whitehead tax laws.

Will Have 112 Votes.

Milwaukee Wisconsin, Rep.—First district leaders have agreed to support Mr. Whitehead's candidacy, and it is claimed he will go to the state convention with the 112 votes of the district.

Now Is the Time.

Evansville Enterprise, Ind.—Hon. John M. Whitehead of Janesville, is mentioned as a favorable and winning candidate for governor.

Others Turn White.

Oshkosh Northwestern, Rep.—The putting out of Mr. Whitehead may put some of the other candidates in a white heat.

Senator in the Race.

Racine Journal, Rep.—The Janesville Gazette brings out for governor Senator Whitehead and puts him in the race with some well chosen words.

Makes Friendly Mention.

The Superior Evening Telegram, which has spoken kindly of Senator Whitehead in the past, publishes the announcement of the senator's candidacy.

HAPPY SOLUTION OF THE QUESTION

Porto Rico Matter Settled and Republicans Again Harmonious.

BASIS OF COMPROMISE

Tariff Reduced to a Minimum and Island is Given Self Government.

Agreement Favored by McKinley to Be Pushed, the Islanders to Pay No Duty on Necessities—Civil Government at Once and the Tariff to Apply Only So Long as Necessary—Amounts to Victory for the Free Traders.

Washington, D. C., March 27.—At last the Porto Rican question is settled. The compromise is agreed upon, and the republicans are harmonious once more. All the conflicting interests have been adjusted.

The legislation which will be agreed upon embraces 15 per cent duty on all goods sent from the United States to Porto Rico, except foodstuffs and the necessities of life, which are free of duty; articles sent from Porto Rico to the United States, 15 per cent duty; the full Dingley rates in Porto Rico against countries other than the United States; the limitation of the duty, to the time when the island needs the money; and, finally, a complete system of local government to go into effect at once.

At the conference last evening, which lasted for several hours, a general basis of compromise was reached, which, while it is not binding upon anyone, there having been no formal caucus, is almost certain to receive practically the whole of the republican strength.

It is McKinley's Compromise

Practically speaking, the compromise is that suggested by the president. It takes the house bill as it finds it, with 15 per cent of the Dingley rate, and leaves that rate of duty intact on all articles imported. This, of course, includes tobacco and sugar, but in all such cases it amounts to giving Porto Rico a preference of 85 cents over any other country.

Not only is the tariff reduced to minimum and abolished on the necessities of life, but the island is to be given self government at once. The compromise agreed upon at the conference proposes to join to the tariff bill, amended as indicated, the complete government scheme submitted by Senator Foraker.

This fact makes the limitations in the tariff bill as to the termination of the tariff when the local government can produce enough revenue, mean something, whereas it would have no significance as a part of a tariff bill in advance of a civil government.

Victory For the Objectors.

This happy solution of the difficulty which materially modifies the house bill in the general direction of free trade and grants local government to the Porto Ricans at the start, has not yet been formally accepted by the objecting republicans.

There is every reason to believe, however, they will accept the compromise. They wanted free trade and would have stood out for that if the issue had been kept distinct, but as they secure for the island an extremely low duty with free trade in foodstuffs, and at the same time add to it local government, which they do not expect to get, they have really achieved a greater victory than if they had merely secured free trade and likely left the military government to stand until next winter.

MILLION DOLLAR FEE

Enormous Sum Paid Attorney James B. Dill in the Carnegie Frick Case.

New York, March 27.—One million dollars is said to have been the fee earned by James B. Dill, the corporation lawyer of this city, for the work performed by him in bringing about the great Carnegie-Frick combine. Like President Harvey of the Harper publishing corporation, Mr. Dill began his career not so many years ago as a reporter in Chicago.

His fee in this case is by far the largest sum ever earned by a lawyer for one

case. It is probably the largest sum ever paid for the performance of a single definite piece of legal work, no matter of what nature. It is without precedent in this city, where all the largest salaries are paid and where all the greatest corporation transactions are worked out.

COURT REFUSED TAYLOR'S PARDON

Caleb Powers Held for Conspiracy in the Murder of Goebel.

NO BAIL IS ALLOWED

Judge Wood Believes the Prisoner Was Connected With the Conspiracy.

Attorneys in the Goebel Case Pass the Lie and Draw Pistols—Looked Like a Riot for Awhile—Half of the Crowd Surges Forward While the Rest Stampede—Prompt Action Prevents a Serious Outbreak.

Frankfort, Ky., March 27.—[Special Telegram]—Judge Moore this morning held Caleb Powers, republican secretary of state, without bail on the charge of complicity in the murder of William Goebel.

The defense declined to introduce testimony and offered Gov. Taylor's pardon of Powers. The court refused to recognize the document, overruled the motion for bail and said: "I believe the prisoner was connected with the conspiracy that ended in the killing of Goebel."

Henry Youtsey of Newport, private secretary to State Auditor Sweeney, was arrested today charged with being accessory to the murder of Goebel. It is said that Sergeant Golden, the prosecution's main witness, pointed out Youtsey yesterday as the man to whom John Powers gave the key to the secretary of state's office on the day of the assassination. It is claimed that Youtsey when arrested said the prosecution had promised not to arrest him.

McKinley Will Keep Hands Off

Washington, March 27.—[Special Telegram]—The cabinet today reaffirmed its resolution taken several weeks ago to keep hands off the Kentucky wrangle and decided it would be best for all concerned that the president should not take any action to recognize Taylor as governor of the state.

PANIC IN A FRANKFORT COURT

Attorneys in the Goebel Case Pass Lie and Draw Pistols.

Frankfort, Ky., March 27.—The examining trial of Secretary of State Caleb Powers, charged with conspiracy to assassinate William Goebel, came within a hair's breadth of terminating in a riot Monday afternoon. During an argument between opposing counsel, who passed the lie and rushed at each other, a hundred men or more, with tightly clasped revolvers were ready to fight, and but for the presence of mind of the officers in the courtroom a fatal outbreak would have followed.

Mutual explanations were made when quiet was restored. Gov. Brown arose and said that the scene showed that a great public uneasiness existed; that his client was in personal danger. He asked, therefore, that court be adjourned. After some argument Judge Moore adjourned court until this morning.

During the mad rush Attorney John S. Harrod received a serious scalp wound. Others were slightly bruised and scratched by leaping through the windows or being jammed through the doors. The large doors at the main entrance to the courtroom were torn from their hinges as half a hundred persons tried to get through them simultaneously. The prisoner, realizing that in event of an outbreak he would in all probability be marked for slaughter, crouched in his chair. The Beckham soldiers outside heard the disturbance, and hurriedly fixed bayonets on their rifles, and prepared to charge on the excited throng.

In the cross-examination of the accusing witness, Wharton Golden, his testimony as given on Saturday remained unshaken.

AMUSEMENT NOTES.

The old stage coach used in the comic opera, "The Highwayman," to be presented at the Myers Grand on Friday, March 30, was designed and built expressly for this production. It is a curious old affair, and is a correct counterpart of the lumbering mail coaches in vogue in England one hundred years ago. It is oddly decorated in imitation of the stage coaches used during these times, and has the coat of arms of King George III. elaborately painted on its sides. It forms one of the most important articles known as "properties" in the opera, and is drawn on the scene by prancing steeds, to be held up by the daring highwaymen. It's top and inside are well peopled with pretty girls, guards and trumpeters.

The three magnificent bands of Richards & Pringle-Busco & Holland's big Minstrel Festival, which will appear at Myers Opera House, March 29, will give a grand free concert at 3:30 p. m. The bands will at first alternate with each other, but afterwards, combine into one grand organization under the leadership of James S. Lacy, acknowledged to be the best colored musical director in the world. In a program consisting of popular and classic music, differing widely from the concerts usually given by traveling companies.

Johnny Smith's orchestra plays at Edgerton tomorrow night for the William Owen company.

The subscription sale of seats for the Broadway Opera company's production of "The Highwayman" opens at the opera house tomorrow morning at 10 o'clock.

LA PRAIRIE

La Prairie, March 27.—Several friends of Frank Chubbuck's made a bee and hauled his summer wood last week. Mr. Chubbuck's shoulder is still very weak. Main Wilcox and family have the sympathy of many friends in their late bereavement. Clifford Whipple has been spending a few days at the home of his grandfather, J. P. Thomas. The family of Thos. Brown has been afflicted with measles. Mrs. Joe Mahany of Belvidere is visiting friends in this place. Russell Finch, who has been so severely ill, is convalescent. Wm. Reeder has been spending a few days in Chicago. Mr. and Mrs. Lou Sherman entertained a company at cards last Wednesday evening. Mrs. E. Lloyd's and W. T. Sherman's families are entertaining the measles.

REID MADE DEWEY'S GUNS.

His Forceful Testimony Helps Cause of Strikers.

Chicago, March 27.—"Dewey fired the guns, but it took machinists to make them," was one of the forcible remarks uttered Monday by Stuart Reid of New York, the national organizer of the machinists' union, in his defense of the Chicago strike before the subcommittee of the industrial commission. Mr. Reid presented his case so clearly and gave so many details of the present trouble that the commissioners thanked him repeatedly and cordially for his appearing before them. He was decidedly the best witness for the cause of union labor that has yet appeared, as his testimony contained much matter that the commissioners had been anxious to get at. It also divulged the spirit of determination with which the machinists are holding out for shorter hours and a minimum wage.

May Follow Siemens-Halske Company.
Chicago, March 27.—It is rumored that the Western Electric company is likely to follow the example of the Siemens-Halske company and sign agreements with the shop committee, for this committee is an active competitor of Siemens & Halske.

The attempt of other machinery manufacturers to operate their plants was a failure, and at none of them did any number of non-union men apply for work. At the factory of Fraser & Chalmers, where the principal attempt was made, only three or four non-union men, who have been working for the firm steadily through the strike, appeared. The firm had announced to all its employees that any of the strikers who had not been making themselves particularly obnoxious during the strike would be taken back. None responded to the invitation, however. Some of the employers claim that this was only another evidence of a reign of terror, and that men were afraid to apply for work.

Another Shop Yield's in Cleveland.
Cleveland, Ohio, March 27.—One more factory has granted the demands of the striking machinists—the Cleveland Lamp and Fixture company, making seventeen unionized so far. Many non-union men are joining the union, making the tie-up more complete.

MAY ABANDON HOME ENTERTAINMENT

Minstrel Show That Was to Have Been Given Soon at the Myers Grand Opera House.

Present indications are that local theatre patrons will not have the pleasure of witnessing the home minstrel entertainment that was scheduled to be given soon at the Myers Grand. Too many attractions have induced the committee in charge to abandon the project indefinitely. The idea was to have given a two nights performance. The best of local talent had been secured and the idea was to have a first class show the proceeds to have been donated to the many employees of the opera house. It is said that the show will be given next fall.

123 BILLS IN 62 MINUTES.

House Rushes Through Large Pension Grist

ARMY BUDGET IS \$111,600,354.

Attempt Made to Deprive Hawaii of Delegate—Senate Takes Up Alaska Bill—New Contradicts Hanna—Puerto Rican Test Case in Court.

Washington, March 27.—After passing 123 private pension bills in sixty-two minutes, the house Monday, in committee of the whole, entered upon the discussion of the army appropriation bill, which, as reported, carries \$111,600,354. No agreement was made to close the debate. Mr. Hull (rep., Iowa), chairman of the committee reporting the bill, explained its provisions, and the rest of the afternoon was spent in more or less perfunctory debate, indulged in altogether by the minority, who denounced the tendency toward establishing a large standing army.

The resolution offered last Saturday by Mr. Allen, calling on the secretary of war for a statement of the number of soldiers who have been killed or died from wounds and disease in the Philippine islands since August, 1898, of those who have become incapacitated for duty or committed suicide, as to contagious diseases prevalent there, and as to the number of soldiers who have become insane, etc., was laid before the senate today and was referred to the committee on military affairs.

Mr. Allison (rep., Iowa) reported from the finance committee a bill for the purchase of metal and the coinage of minor coins, and it was read and passed.

The bill making further provision for a civil government for Alaska was taken up. Mr. Perkins (rep., Colo.) offered an amendment fixing rates of license on the liquor business. After some discussion the amendment was agreed to. Mr. Hansbrough offered an amendment providing that aliens shall not be permitted to hold mining claims in Alaska. He explained that his amendment was directed against the Laplanders who had gone into Alaska with reindeer and who had been first to reach a rich mining region. The bill went over without action on Mr. Hansbrough's amendment.

To Bar Hawaii from Congress.

Washington, March 27.—The same influences that have caused the sudden change of front on Puerto Rico have now commenced a fight on the provision in the Hawaiian bill for a delegate in congress for those islands. At a meeting of the house committee on territories Monday morning Chairman Knox announced that he had a letter from a senator, in which an argument against a delegate was made, and in which the committee was also requested to amend the Hawaiian bill with a declaration that it was not the intention to make Hawaii a state of the union. But the committee, after an exchange of views, agreed unanimously to stand in favor of a delegate.

Validity of Puerto Rico Court.

Washington, March 27.—The validity of the United States provisional court in Puerto Rico, established by the military authorities in the island, was raised in the Supreme court Monday, in the application of F. D. McKenney, counsel for Ramon Baez for a writ of habeas corpus and for a writ of certiorari to that court. The brief in support of the application sets forth that the provisional court was without jurisdiction to try Baez; that the ordinary civil courts of the territory wherein he was a resident, counsel said, were open and exercising their ordinary jurisdiction, and therein he should have been tried, if at all.

New Contradicts Hanna.

Indianapolis, Ind., March 27.—John C. New, owner of the Indianapolis Journal, when told that Senator Hanna had said that the Journal would change its attitude on the Puerto Rican tariff bill, said: "We have not changed our attitude and we will not change it. The Indianapolis Journal stands just where it has stood all the time on this question." It has roundly criticized the Puerto Rican tariff bill from the moment that it was conceived. New is closer to Gen. Harrison than any other man in this state, and some profess to see a scheme to spring Harrison for the presidency, in the course of the Journal.

Puerto Rican Test Case in Court.

St. Paul, Minn., March 27.—Raphael Ortiz, a native Puerto Rican, was before the Federal court Monday morning on a writ of habeas corpus. Ortiz was accused of having murdered an American soldier, was tried before military court without jury, found guilty and ordered shot. Later the president commuted the sentence to life imprisonment, and he was brought to the Minnesota state prison. Now his attorneys claim that, at the time the soldier was killed, Ortiz was an American citizen, and was entitled to a jury trial under the constitution of the United States.

Davis Is for Free Trade.

Washington, D. C., March 27.—Senator Davis of Minnesota, has introduced a substitute for the Puerto Rican bill which provides for free trade between the United States and Puerto Rico and extends the internal revenue laws with amendments over the island. The act is declared provisional and shall not continue longer than March 1, 1902.

The senate committee on Puerto Rico decided to make no recommenda-

tion for the separation of the tariff feature from the Puerto Rican bill until after the action of the Republican caucus.

Vehicle Trust Squeezes Farmers.

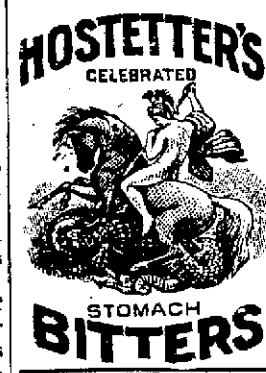

Racine, Wis., March 27.—A sweeping advance in the prices of vehicles has been made by the manufacturers of this country, and farmers who demand box wagons, will find that they must go deeper than usual into their pockets in order to satisfy the grind of the new trust.

To Protect British in China.

Shanghai, March 27.—The second-class British cruiser Hermione has been ordered to proceed immediately to Taku. It is stated here that the powers are concerting joint action at Tien-Tsin, the country in that neighborhood being greatly disturbed.

Got Million Dollars Fee.

New York, March 27.—One million dollars is said to have been the fee earned by James B. Dill, the corporation lawyer of this city, for the work performed by him in bringing about the great Carnegie-Frick combine. Like President Harvey of the Harper Publishing corporation, Mr. Dill began his career not so many years ago as a reporter in Chicago. His fee in this case is by far the largest sum ever earned for a lawyer for one case. Indeed, it is probably the largest sum ever paid for the performance of a single definite piece of legal work, no matter of what nature.

Washington, March 27.—The Pottowatomie Indians now claim the lake front in Chicago, of which the Supreme court has just deprived the Illinois Central railway, and Representative Hamilton of Michigan has introduced a bill in the house granting jurisdiction to the Court of Claims to hear and decide their claim to this much-desired and much-claimed property.

Election Notice.

TO THE ELECTORS OF THE CITY OF JANESVILLE.

OFFICE OF CITY CLERK, March 27, 1900.

Notice is hereby given that a municipal election is to be held in the several wards and election precincts in the City of Janesville on the 3rd day of April, 1900, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given under the appropriate party or other designation, each in its proper column, and the questions submitted to a vote are stated below:

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters. A voter upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk which must have indorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, the voter must retire alone to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter if he wishes to vote for all the candidates nominated by any party, should make a cross mark X under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked, and having no other mark, will be counted for all the candidates of that party in the column underneath, unless the names of some of the candidates of the party have been erased or a cross mark be placed in the square under the name or at any place in the space occupied by the name or names of candidates in another column, and will be counted for all names written in lieu of one erased. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark under the name of each candidate he desires to vote for, or at any place within the space in which the name is printed. If he wishes to vote for a person for a certain office whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter; and if he declares that he is totally blind, he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:

WINE OF CARDUI

Woman's Crowning Virtue.

Boston, Mo., July 27.
For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

WINE OF CARDUI

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chatterbox Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

THIS DAY IN HISTORY.

1836-357 American Texans, including Colonel J. W. Fannin, prisoners of war, were massacred at Goliad, Tex., by order of Santa Anna. The Texans were attacked and captured while attempting to march from Goliad to the rescue of the Texans in the Alamo. They were held as prisoners of war under the prospect of exchange. On Palm Sunday they were ordered to march out of their quarters and be executed. Outside the inclosure a band of Indians specially chosen for the work massacred them all in cold blood. The wounded were spared to the last, but shared the fate of the others.

1947-Vera Cruz, Mexico, surrendered to General Scott.

1886-Felix Octavius Carr Darley, noted artist, died near Claymont, Del.; born 1802.

1850-John Bright, British statesman, died in England; born 1831.

1827-William T. Adams (Oliver Optic), the author, died in Boston; born 1823.

1890-Rev. James Ormsby Murray, dean of Princeton university, died at Princeton, N. J.; born 1827.

A SPLENDID SHOWING

Senator John M. Whitehead and his friends may well feel proud of the tributes paid Mr. Whitehead by the press of Wisconsin. In all parts of the state his standing and worth is recognized, and he is acknowledged to be one of the foremost candidates on the list.

Some papers place him at the head, putting emphasis on the fact that he is the one man upon whom all elements can unite in harmony, as he now stands, and has always stood, upon "the high middle ground."

The collection of clippings published on another page clearly indicate the sentiment in the various sections of the state, and show that the people of Wisconsin hold Senator Whitehead in the highest esteem. The fact that "the office is seeking the man" is also generally recognized, and taken as a whole, the expressions published herewith prove conclusively that the chances for the selection of "a Janesville governor" are exceedingly bright.

The golfers are beginning to golf a bit these fine days, although the links and pins are said to be wet and rusty. Golf balls, however, are being danced and brassy youths are being engaged as tea caddies. The home plate has been uncovered, and put in shape, and the bunkers are full of coal ready for the hazardous work of the coming season on the greens. Drivers are in good demand, but scrubs and spavined animals are a drug on the market.

[This may not be literally correct, but it covers the case as we understand it from hearing the players talk.]

The new railway line will not only be of great benefit to Janesville, but also to the country that it passes through. It is said that the Chicago, Milwaukee & St. Paul company proposes to bid for the Chicago-St. Paul mail contract and that the new line will be built as substantially as money can do the work so as to accommodate heavy traffic and fast mail trains.

Otton D. Child is supporting the republican ticket, and has promised his best endeavors to Dr. W. H. Judd, Mr. Child has been a republican too many years to countenance any move that endangers republican success, and if the democrats look for any aid from him they are figuring without their host.

R. W. Patterson, editor of The Chicago Tribune, has just paid \$80,000 for a lot in Washington, and will build a palatial mansion thereon. This would appear to confirm the rumor that The Tribune no longer takes cordwood in payment for subscriptions.

Verily, "a good name is rather to be chosen than great riches." Senator Whitehead has no "barrel," but he has the good name, a fact that appears to be recognized all over the state.

When the No-count Boney du Castellan was in the United States, he proposed to administer wholesale lickings to

divers residents of France. Now that Boney has reached France, however, he spends his time "roasting" the Americans. As a long range fighter Boney appears to be entitled to the belt.

It is said that the democratic campaign managers are concentrating all their energies to defeat M. P. Richardson, Fred L. Clemons and W. H. H. MacLoon, even at the cost of sacrificing some of the democratic candidates for other offices. Republicans should stand together and thwart the schemes of the "enemy." The democratic managers have only the good of their own party in mind.

A Manila editor is in jail for running a Filipino-Spanish newspaper. There isn't much Americanism in a combination of Filipino and Spaniard, and perhaps it is well to let the editor remain, for a time at least, as the guest of Uncle Sam.

The press of the state has devoted an unusually large amount of space to the discussion of Senator John M. Whitehead's candidacy for governor—certainly a very significant indication.

One week from today the battle of the ballots will come off. Stand by your party principles, and make the republican majority decisive.

Olga Nethersole is sick with brain fever as the result of the crusade against "Sapho." The phenomenal sale of the book continues, however.

The Canha man languished in jail 115 days in preference to telling a lie. Apparently it is again up to Oshkosh.

If caucus attendance is at all significant, the vote of democracy will be exceedingly small this spring.

Do not "trade votes." Stick to your party and its duly nominated candidates.

For a two pound piece, scalding made of one cupful of dried bread crumbs, 12 mushrooms chopped fine, two tablespoonsful of butter, a dash of cayenne pepper, quarter of a teaspoonful of salt, one tablespoonful of sherry and two slices of bacon cut into small dice, will be required. Roll the stuffed tripe and tie firmly with white cord. Place a few slices of the bacon on the roll. Roast in hot oven 20 minutes. Remove from pan, and with the hot fat remaining make a gravy. Add one tablespoonful of onion to the fat, stir until brown, add half a cupful of stock or boiling water and one tablespoonful of sherry and a pinch of salt. Pour some over the tripe.

A Steel Cook Stove

Is a Fuel Saver.

Especially so is the

MOORE

STEEL

GEM

STOVE...

The body is made of heavy cold rolled sheet steel lined with thick asbestos board which is held in place by an inner lining of steel. It does not occupy as much floor space as the ordinary cook stove, yet the oven is larger and is absolutely buckle proof. Women who are now using Moore Steel Gem Stoves praise them highly.

They make kitchen work about half and are handy in every way. Not an expensive stove either; they burn wood or coal. Don't purchase without first examining the Moore.

CALLS AND CARDS.

Good Form in Bath-Titles on Cards.

The correct use and appearance of the visiting card are regulated by custom, the infringement of which stamps one as beyond the social pale, says "The Ladies' Home Journal," from which the following items of "good form" are gleaned:

A lady's visiting card is of medium size, engraved in script or Roman letters, the address in the right hand corner, the reception day in the left. A man's card is smaller, having the name printed in full, without initials, with the prefix "Mr." and bearing the address of his home or club.

No titles are used save military, naval or judicial ones and those of clergymen and physicians. Such cards would read, "Captain John Lester," with name of regiment or corps, United States army or navy, in left hand corner, or "Mr. John Lester," with rank and regiment under the name; "Mr. Justice Beakman," "Rev. John Storm, D. D.," "Dr. Kenneth Kellogg," "Mrs. Colonel Doe" and "Mrs. Dr. Doe" are both incorrect.

A young woman entering society has her name below her mother's on the same card, but she may use her own as well. The prefix "Miss" should always accompany the name of an unmarried woman.

A widow retains her husband's Christian name or not, as she pleases. It sometimes occasions embarrassment if a son bearing his father's name is married. By reason of seniority a widow's card may then read, "Mrs. Blank." This precedence is now assumed by the wife of the senior member of a family—the head of the clan, as it were. Anything claimed as a distinction becomes desirable. The "Mr. and Mrs." card is no longer used, and the folded or turned down card, signifying a personal call, is obsolete.

After receiving invitations the etiquette of calls and cards varies in different countries and cities. In London and Paris the guests, after a dinner or ball, hasten to leave their cards upon their hostess the next day, after which they may call at their convenience. With us courtesy demands that a personal call be made after a dinner or luncheon invitation and within a week after the function. A regret imposes the same obligation.

After a wedding one calls upon those to whose names the invitations were issued and upon the young couple within the year. A bride calls upon her friends only after they have paid her that attention.

The presence of guests at a reception is accounted a visit. They leave their cards and those of the absent members of their families in the hall before entering the drawing or reception room.

Those unable to accept wedding or reception invitations send cards enclosed in envelopes on the day of the function, by hand or post, and call afterward. After any other form of entertainment cards may be sent, but, when possible, a call should be made in person.

A lady's social visiting is regulated by custom as by a code. There must be a call for a call and a card for a card.

At the first call of the season a married woman leaves, with her own, two of her husband's cards for the lady and master of the house and three of her son's if there be young ladies in the family. If her friend be at home, she places them on the hall table, sending her own card by the servant. At subsequent calls she need not leave her husband's card unless he has received an invitation, and she may allow her sons and daughters to assume their own obligations.

A change of residence should be announced early in the season by sending cards to all one's acquaintances, with the new address and reception day.

If a lady has a reception day, her friends should try to call at that time. She need not receive chance callers on any other day; she could never be sure of an uninterrupted hour at home. The servant should be previously instructed to give the same message to all callers, "Mrs. Honier is engaged today and is sorry not to be able to see any one," at which none could take offense.

A Popular Dessert.

Line a charlotte mold with lady fingers, cutting them off evenly at the top and leaving a small space between them. Chill and whip three cups of thin cream (one cup thick cream and two cups rich milk may be used), drain and chill again. Soften one tablespoonful of granulated gelatin in one-fourth cup of cold black coffee. Scald three-fourths of a cup of milk or cream that drains from the whipped cream; add half a cup of sugar; beat the

COFFEE CHARLOTTE RUSSIE.

yolks of two eggs; add one-fourth of a cup of sugar and cook in the hot milk until the custard coats the spoon; add the gelatin, strain and cool, beating occasionally. When the mixture begins to stiffen, fold in the whip from the cream and turn into the lined mold. When thoroughly set and chilled, dip the mold in tepid water and invert over a serving dish.—Boston Cooking School Magazine.

The Care of the Chafing Dish.

The chafing dish needs a good deal of care if it is to be kept looking bright and nice enough for table use, says The Designer. The pans ought not to be put in water when being washed, but instead the water should be put in them, the wicked surface afterward being carefully wiped and polished with a piece of chamolis.

STONES OF INFAMY.

Memorials of Crime That Are Found in Ancient Genoa.

Some stones of Genoa tell of treachery and crime, and as stones of infamy are, we believe, peculiar to Genoa. They belong to later and more degenerate times than those of the noble Dorians and their victories. Here is one inscription on a pillar in the Via del Campo: "In infamous memory of Julius Caesar Vacchero, most abandoned of men, who, for having conspired against the republic, with his head cut off, with his goods confiscated, with his sons banished, and with his house destroyed, expiated his well-earned punishment in the year of grace 1628." This Vacchero, a man of low birth, but wealthy, aspired to high dignity in the town, and plotted to betray the place to Charles Emmanuel, of Savoy, and to massacre the Doge and leading nobles. He had his reward, as the above inscription plainly shows. Here is another stone of infamy: "To John Paul Balbi, worst of men, a vile assassin, a clipper of gold coin and an utterer of false, notorious chief and an infamous extortioner of tribute, declared a state traitor for conspiring against the republic, his property confiscated, his sons proscribed, he himself condemned to the halter, this stone has been raised to his eternal shame in the year 1650." This Balbi was engaged in a plot to betray the town to the French in the time of Mazarin. Although his plot was discovered, he contrived to effect his escape, and spared the labors of the hangman. The third stone tells of "Raphael della Torre, a despoiler by every artifice of other men's goods, a vile murderer, an associate of thieves, a pirate in his own waters, a traitor and an enemy of the state, who incurred for plotting the ruin of the republic punishments less great than his crimes, was sentenced to be twice hanged, to have his property confiscated, his sons banished, and his houses destroyed. Through this lasting monument of infamy may his name be loathsome. Year of our Lord 1672."

The Silk Industry.

The silk industry has had a remarkable development in the United States in recent years. In the annual review of the business by the secretary of the Silk association it is known that there are silk factories now in 230 towns in 19 different states, the number of establishments being 750. New Jersey, Pennsylvania and Connecticut lead in the manufacture of silk fabrics. Petersburg, Va., has been running silk mills for some years. We have not acclimated the silkworm, but import the reeled yarn from other countries. In 1899 we imported 33,667 bales, worth \$41,195,209, the average price per pound being \$1.15. We export none of our fabrics, it appears, but sell all in the home market. All Americans, especially the ladies, try to support in their dress their title to be the earth's nobility.

HOW TO LIVE LONG

Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises

"Thy meats be delicate and dairy fed, Tender nor highly spiced thy food."
That is the kind of meats we serve at all times, "delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting. Our wagons will call daily for your order."

DO YOU KNOW THAT POOR PRINTING WILL do much toward injuring a man's business. A poorly displayed piece of dirty ink splattered onto a piece of paper and called

can only call forth ridicule and destroy the value of the circular, notehead, or whatever it may be. GOOD PRINTING costs but little more than poor printing. The

Women Divers.

Over 100 Japanese women following the hazardous profession of diving are found along the coast of the peninsula. They are divided into four batches, and their age ranges from 17 to 30. They come almost exclusively from Shima Miye Ken, a noted fishery center in Japan. Their earnings are, of course, not uniform, as they are paid according to the amount of their work, which consists in diving for agar-agar seaweed, sea-car, sea-cucumber and so forth.

TOOK DRUNKEN MAN FOR GHASTLY CORPSE

UNDERTAKER NELSON AND
SHERIFF APPLEBY CALLED.

John Johnson at Footville Says That He
Will Be More Careful in the Future
When He Makes an Inspection—
When Help Arrived the Supposed
Dead Man Had Disappeared.

While John Johnson, a well known farmer residing at Footville, was driving to town this morning he discovered a man lying near the road side about a mile from the city limits on Pleasant street. Johnson thinking that all was not well alighted from his buggy for the purpose of finding out whether the man was asleep, drunk or dead. After yelling several times at the supposed corpse Johnson took hold of the body and turned it over. Not once did the man move. Nor did he utter a sound.

Without further inspection Johnson hurriedly made for his buggy and with all possible haste drove to this city. On arriving in town a message was sent to the jail informing Sheriff Appleby that a dead man had been discovered lying near the roadside only a few rods from the former Duke brickyard out on Pleasant street. Then a message was sent to Undertaker R. Nelson.

With all possible haste Sheriff Appleby, Deputy Brown and Undertaker Nelson made for the scene of Johnson's discovery. On their arrival they not only failed to find any corpse but they were unable to locate any person who had seen a drunken man in that vicinity. Johnson says he is positive the man was dead. The police say that Johnson was too much excited at the time and that in all probability the man was dead drunk.

MANY ATTENDED BIG COCKING MAIN

CARRYALLS WERE RUN FROM
JANESVILLE.

Took Place Last Evening in a Farmer's
Barn Near the South Edge of the
City Limits—One Hundred and Fifty
Men Were Present from Janesville—
Twenty-Five Birds Furnished Sport

Near the south edge of the city limits last evening three hundred sports assembled and witnessed a cocking main that lasted from 7:30 o'clock in the evening until the early hours of the morning. Birds owned by Belvidere, Chicago, Fort Atkinson, Beloit and Janesville parties were entered. From start to finish the sport was all that could be desired.

Several cocks fought to the death. The fights were pulled off in the upper story of a large barn. The place was perfect for such an event. Several large lamps made the room as bright as though the blazing sun was throwing morning rays on the scene. The pit was in the center of the large room. All about, in circular style, seats were arranged, and from the far back seats one could get an excellent view.

Well known Janesville business men presided as officials; men whose names it revealed would cause a sensation. Carryalls were run from this city to the scene, and fully one hundred and fifty of those in attendance were residents of Janesville. Farmers for many miles about were on the scene. There was no secret about the affair. For two weeks it had been well advertised by those having it in charge. Fifty cents admission was charged, and those on the inside made considerable money out of the investment.

Money changed hands frequently on each battle. Several twenty dollar bets were made, and on one battle \$300 was in the stakeholders' hands. Twenty-five cocks were pitted. There is little doubt but what many a local resident had a hard time explaining to members of his family why he happened to be out all night.

CHAPLAINS IN THE ARMY AND NAVY

Bill in the House to Appoint More of
Them With an Increase
of Pay.

Washington, March 27.—Mr. Hull of the military committee has reported to the house a bill authorizing the president to appoint one chaplain with the rank of captain for every regiment in the service, both regular and volunteer. There are only thirty-four chaplains in the army at present, four of whom are colored. They receive \$1,500 a year, with a 10 per cent increase every five years to a maximum of \$175 a month. Under the new bill the pay of a chaplain will be \$2,000 a year with an increase until a maximum of \$233 a month is reached.

It is the general impression that most of the chaplains in both the army and navy are Catholics, but this is a great mistake. They are classified for both army and navy as follows: Methodist 21; Presbyterian 8; Episcopalians 14; Baptists 4; Congregationalists 1; Christian 2; Unitarian 1; Universalist 1, and Catholic 7.

Navy chaplains receive better pay than those in the army. For the first five years their salaries are \$2,500 and the second five years \$2,800 when at sea, with \$500 less when on shore duty. The appointments are very popular and there are several hundred applications on file in both the war and navy departments.

Miss Helen Gould of New York is maintaining nine or ten chaplains in the army at her own expense. These men are not officially recognized as chaplains, but as ministers and Y. M. C. A. workers. They voluntarily and unofficially do practically the same work. Miss Gould, it is stated, pays each one of these men \$90 a month and his expenses.

VIOLA TELLS OF HER LOVE.

Day of Sensations in the Horlocker
Poison Trial.

Hastings, Neb., March 27.—Monday was another day of sensations in the Horlocker-Morey poisoning case. At the morning session of the court Mrs. George S. Hayes went on the stand and described how her sister, the defendant, had threatened to take her life last winter; how they had learned of the unfortunate girl's love for her employer. The recital was pathetic, and many of the women spectators were in tears during the recital. Even Mrs. Morey, the girl's Nemesia, was visibly affected by the story. In the afternoon Viola Horlocker took the stand and told the story of her relations with Mr. Morey. She was greatly agitated and kept clutching continually at her throat. Sometimes she would put her hands to her head, and it would be a long while before she would answer. While she virtually accused Mr. Morey of making love to her, she exonerated him from all those things that her attorneys have sought to impress by innuendo upon the jury.

MURDERER STRICKEN DUMB.

Laryngeal Paralysis Overtakes an Italian
Shooter.

Chicago, March 27.—In a quarrel over money matters Vito Paoletto, a young Italian, shot and killed Frank Giavito, his partner in the saloon business at 107 Ewing street, Monday night, and, while fleeing from the scene of the crime, was stricken dumb. Removed to the county hospital, the doctors there came to the conclusion that their patient had been attacked with a stroke of paralysis, affecting the muscles of the tongue. Friends of the men look upon the murderer's affliction as a providential punishment for his crime.

Lawlessness in Rochester.

Rochester, N. Y., March 27.—Vincent G. Johnson, a student in the Rochester Theological seminary, was returning from church Monday night, when he was held up on one of the fashionable thoroughfares and compelled to hand out his gold watch and what money he had. This took place within sight of numerous passers-by. Half an hour later Sydney Guggenheimer, head usher at the Lyceum theater, was similarly treated within a block of where the first robbery occurred. The police seem powerless to prevent the lawlessness now existing.

Proof Against Dunlap Accumulating.

Chicago, March 27.—The web of criminality which the police have woven about James Dunlap, the notorious safeblower, has become stronger. He has been absolutely connected with the robbery of the Hoopeson (Ill.) bank last Friday morning. Two officials of the bank visited Chief of Detectives Collieran Monday and positively identified the cigar box and leather pouch that were found on Dunlap when he was captured. Cashier Webster said the box and pouch, which contained \$170, had been placed by him in the safe of the Hoopeson bank that contained the silver coin. From this safe the robbers took \$2,600.

DENIESWEAVER-BRYAN STORY.

Chairman Johnson Says Chicago Platform Is Going to Be Re-Adopted.

Chicago, March 27.—J. G. Johnson, chairman of the executive committee of the Democratic national committee, being asked for his opinion of the article appearing in several Chicago dailies this morning, in which it is made to appear that a number of prominent Democrats, commencing with Chairman Jones of the national committee, favor the abandoning of any reference to the silver question in the forthcoming Democratic platform, said:

"I have read the articles in question, and am prepared to say that in so far as they attempt to connect any prominent Democrat with the proposition, they are, to say the least, very unfair, and are only a sample of very many similar articles which have been and probably will be published in metropolitan daily papers, with whose managers the wish is very probably father to the thought. If those articles are read with care, it will be seen that while they shrewdly connect various men, including Gen. Weaver, with the proposed movement, there is in reality not a word of authority for the proposition in either of the articles, from beginning to end, from any of the men whose names appear therein. So far as Senator Jones, Mr. Walsh, Mr. Abbott or myself are concerned, none of us have ever had a thought or uttered a syllable which would warrant the suggestions contained in these articles, and all are diametrically opposed to the position in which we are dexterously placed by the ingenious authors of the articles in question. So far as Gen. Weaver is concerned, he is a prominent Populist, but is not in position to speak for any Democrat. What his individual view may be on the matter in question I cannot say.

"As to the ingeniously worded statement that he stopped over here on his return from Washington (presumably from a conference with Senator Jones) and started from here to Nebraska, with the cordial concurrence of myself and others connected with the national committee, to press this matter upon Mr. Bryan, the whole thing is ridiculous when the facts are known. Gen. Weaver has not been in Washington for a year. He is now in North Dakota, and Mr. Bryan, instead of being in Nebraska, is out on the Pacific coast. The able newspaper reporters who are responsible for these articles have simply excelled themselves in these their latest efforts. Of course the Democratic national convention will settle these questions for itself when it assembles, but I think there is no well informed Democrat in the United States that is not absolutely certain today that the Kansas City convention will distinctly reaffirm the position which the party took on the money question in its platform of 1896."

HOT POLITICAL FIGHT IN CUBA.

Election Contests Inaugurated with Violence at Marianao.

Havana, March 27.—Although the election law has not yet been promulgated, the rival candidates for municipal office have begun to push their campaigns, and, as was not unexpected, in one instance, a resort to force has been made. This was at Marianao, and an investigation was ordered by Gen. Lee. The alcalde asserted that he had acted within his rights under the Spanish law, which forbids accusation of public officials, either in public or in private. The matter was finally compromised by the release of the prisoners on their appearance before a judge.

Joke Offends Ambassador.

Berlin, March 27.—A quarrel may possibly end in the resignation of Prince von Radolin, the German ambassador to Russia. The story goes that at the last court ball Grand Duke Vladimir was about to take a lady to supper when he was told that it had been arranged that she should be taken in by a member of the German embassy. The grand duke thereupon humorously assured the lady that there was nothing slower than a German diplomatist.

Senator Hanna Seriously Lame.

Cleveland, Ohio, March 27.—A personal friend of Senator Hanna, who has just returned from the national capital, says Mr. Hanna is not suffering from rheumatism, but from a fibrous growth in the knee joint. He confirms the story that Senator Hanna will not be at the head of the national committee this year, and says the senator is a far sicker man than he would have his friends believe.

Major Kirkman Court-martialed.

New York, March 27.—The Times says that according to a letter written by an army officer in Manila to his parents in Brooklyn, Major Kirkman, United States volunteers, captain of regulars, has been court-martialed for an alleged insult to Archbishop Chapelle, papal legate to the Philippines, during a voyage from San Francisco to Manila.

Fast Mail Is Wrecked.

Atlanta, Ga., March 27.—The fast mail south bound on the Atlanta & West Point railway was wrecked near West Point, Ga., this morning. William Blount, the baggage-master, was killed. This is the through train from New York to New Orleans, and left Washington at 11 o'clock Sunday morning.

Corpse on Ice Floe.

Fort Madison, Iowa, March 27.—The body of a woman, fully dressed, aged 35, was found floating down the Mississippi river on a cake of ice here on Monday. There is no clew to her identity.

HIS MOTHER FORBADE BANNS.

Twas in a Dream, But It Goes Just the Same.

Chicago, March 27.—Charles Bartlett is sorry he ever woke up. He had a dream not long ago which is liable to cost him a lot of money, unless he has luck in the courts. Mr. Bartlett is a widower, 49 years of age, and has two bright children, a son and a daughter, with whom he has lived at 3395 Archer avenue since the death of his wife, seven years ago. He has a large coal business near by, and other goods and chattels of a total value of \$25,000, but Miss Rebecca Greenwood wants to separate him from about \$10,000 for breach of promise to marry her. Miss Greenwood has been Bartlett's housekeeper most of the time since November, 1893. That she was a good housekeeper goes without saying when it is known that Mr. Bartlett admits that he used to have happy dreams, so much so that he agreed to marry her, until one night he had another in which his old mother warned him against the alliance, and that settled it.

PREACHER CONFESSES HIS SIN

Pastor of Harvey Congregational Church Resigns.

Chicago, March 27.—The Rev. Willard J. Frost, for two years pastor of the Harvey Congregational church, was charged with immoral conduct by the prudential committee of the church Sunday. He confessed, and was asked to resign from the pastorate. He complied with the request, and will leave Harvey within a few days. The members of the church were astounded when they learned the nature of the charges that he made no effort to defend himself. Indeed, he admitted that he had no excuse to offer and that no punishment could be too severe for the wrong that he had done. The congregation numbers among its members many of the wealthiest residents of the suburb.

Senior New York Senator Ill.

New York, March 27.—A report that Senator Thomas C. Platt is seriously ill and in danger of collapse and that his friends are trying to prevail upon him to drop out of political work for a time is emphatically denied by Lemuel E. Quigg, Mr. Platt's deputy.

STATE OF WISCONSIN—County Court for Rock County, in Probate.

Notice is hereby given that at a special term of the County Court to be held in and for said county at the Court House, in the city of Janesville, in said county, on the third Tuesday (being the 15th day) of April, 1900, at ten o'clock a. m., the following matter will be heard and considered:

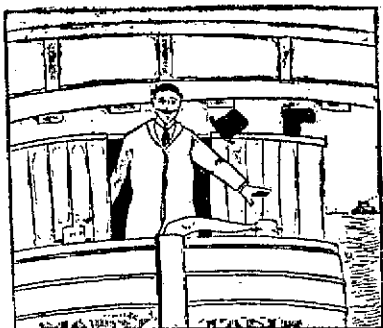

The application of Peter Mooney and James Mooney, to admit to probate the last will and testament of Mary Mooney, late of the town of Janesville, in said county, deceased.

Dated March 24th, 1900.

By the Court,

J. W. SALE, County Judge.

Fethers, Jeffries & Mount, attorneys for petitioner.

"Look out!" cried the captain, as the canal-boat was passing under a low bridge. A Frenchman immediately put his head out of the cabin window to look, and got a severe blow. Rubbing his head ruefully, he cried: "Why do these Yankees call look out when they mean look in?"

Look out for your health means look in. For the secret of health is within you. Germs are in the air you breathe and in the water you drink, but if your blood is pure and your stomach sound the germs can find no permanent lodgement.

To keep the blood and stomach in sound health or to re-establish them in a healthy condition when they are diseased, no medicine is so effective as Dr. Pierce's Golden Medical Discovery. It purifies the blood, cleanses the system of waste and poisonous substances, increases the activity of the blood-making glands, and invigorates the stomach and other organs of digestion and nutrition.

"I can say honestly and candidly that Dr. Pierce's Golden Medical Discovery is the greatest medicine ever compounded for purifying the blood," writes Miss Annie Wells, of Ferguson's Wharf, Isle of Wight Co., Va. "I suffered terribly with rheumatism, and pimples on the skin and swelling in my knees and feet so that I could not walk. I spent about twenty dollars, paying doctors' bills, but received no benefit. A year or two ago I decided to try Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription,' and am entirely cured."

ELECTION NOTICE.

Office of County Clerk, }
March 26th, 1900. }

To the Electors of Rock County:

Notice is hereby given that a judicial election is to be held in the several towns, wards and election precincts in the County of Rock, on the 3rd day of April, 1900, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose names have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation, each in its proper column, and the questions submitted to a vote are stated below:

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter, upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk, which must have indorsed thereon the names or initials of both ballot clerks, and no other can be used. Upon receiving his ballot the voter must retire alone to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter must make a cross-mark, X, under the name of each person he desires to vote for. If he wishes to vote for a person for a certain office whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked, it should be folded, so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and part of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot can have assistance of one or two election officers in marking the same to be chosen by the voter; and if he declares that he is totally blind he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion as to such person's disability. The party designations and candidates for the different offices are as follows:

APOLOGY FROM SALISBURY.

British Premier Regrets Violation
of Consul Macrum's Mail.

ENGLAND ADMITS HER ERROR.

Apology Will Be Sent to House Com-
mittee on Foreign Affairs by Secretary
Hay in Order to Splice Macrum's
Guns Before His Hearing.

Washington, March 27.—Lord Salisbury has apologized to the United States for the opening by the British censor at Durban of mail addressed to former Consul Charles E. Macrum at Pretoria. The apology will be sent to the house committee on foreign affairs by Secretary of State Hay when Mr. Macrum's case against the state department is heard. Although Secretary Hay admits that he will be the judge of how much, if any, of the apology will go to the committee, there is no doubt that the committee will insist on its presentation in full, now that it has been declared by Secretary Hay that there is such an apology.

While the precise terms of the apology of Great Britain are not known, it is certain that it expresses the regret of Great Britain that Mr. Macrum's mail was opened, notwithstanding the alleged instructions of Great Britain that such mail matter should be considered inviolate. When Macrum instead of reporting the facts to the state department, gave them out to the press, England's attention was called to this violation of international law. Lord Salisbury had made an investigation and then had sent an apology which had been delivered at the state department by Lord Pauncefoot.

EXPEDITION LEAVES KIMBERLEY.
French and His Cavalry Returns to
Bloemfontein.

London, March 27.—An expedition has left Kimberley for the Griquatown district. The British force is a strong one, from which it is concluded that a far more comprehensive movement is intended than the mere dispersal or defeat of the small Boer force at Griquatown.

Gen. French has returned to the Free State capital with his cavalry from Thaba Nchu without having engaged any of the Boer columns reported to be trekking northward from the Orange river. Gen. Oliver's command was last reported on the Basutland frontier, near Wepener, and now that Gen. French has withdrawn from the chase the Boer commandant's chances of escape are vastly improved.

A commando of 400 Boers has reoccupied Papekuel, forcing the rebels in the Herbert district to rejoin the federal flag. Extensive looting is reported in that direction.

WHY GEN. ROBERTS DELAYS.
Securing Territory Behind Advancing
Columns.

London, March 27.—The continued absence of aggressive movement on the part of the British is best explained in a dispatch from Bloemfontein dated Sunday, March 25, and published in the second edition of the Times today. It says:

"The conditions existing in the occupied territory render imperative the somewhat prolonged halt at Bloemfontein. It is necessary that the effect of the proclamation should have time to make itself felt. It is declared that danger of annoyance to the line of communication may be apprehended unless the territory behind the advancing forces is rendered absolutely secure. The accuracy of this view is proved by the fact of the enemy's breaking up into isolated groups, such as that which attacked the guards of officers Friday. The adjustment of financial and municipal matters in the Free State is now chiefly occupying the attention of the governor and his legal and financial advisers. The military regime is being conducted with great smoothness, but recent investigations show that caution must be exercised in dealing with persons apparently loyal."

Costly Skirmish in Morocco.

Paris, March 27.—News of a disquieting nature is received from Morocco. It is reported that a serious engagement has taken place on the Oran frontier and that forty men of the foreign legion have been killed. In military circles here it is said that the pacification of officials in power in Morocco has caused the present trouble.

French Government Again Upheld.

Paris, March 27.—After a long debate Monday in the chamber of deputies the order of the day, expressing confidence in the government to restore order and justice in Martinique was carried by a vote of 295 to 239.

Bannerman Seriously Ill.

London, March 27.—Sir Henry Campbell-Bannerman, leader of the opposition in the house of commons, is suffering seriously with an affection of the throat.

Opposed to Meat Bill.

Washington, March 27.—The strongest opposition to the German meat-inspection bill is being manifested by the manufacturing, commercial and export interests of the German empire.

Pope Names a Vicar.

Rome, March 27.—The pope has nominated Cardinal Pietro Respighi, archbishop of Ferrara, as his vicar.

Fatal Fall from a Sofa.

Louisville, Ky., March 27.—Joseph Swope, a machinist, fell from a sofa at his home Monday morning and broke his neck, death resulting instantly.

Souley at Bahia, Brazil.
Washington, March 27.—Admiral Souley, aboard the Chicago, has arrived at Bahia, Brazil. The Chicago met the French steamer Bretagne, disabled, and towed her into port. The Montgomery was last reported at Montevideo. The Wilmington is there, also.

Orangeine

The Secret of Its Charm.
A Chicago physician, too prominent to name, says: "The charm of your prescription, which I anticipated from its skillful formula, and which has been steadily shown during several months' use by myself and my patients, is that an 'Orangeine' powder taken when needed to relieve exhaustion or pain, keeps the system free from disease attack. It also normally regulates stomach and liver and insures just the right action for continued good health."

The United States Health Reports states editorially: "We extend to 'Orangeine' our full endorsement."

Mr. Charles Frohman writes: "I have placed 'Orangeine' in all my theaters because of its great usefulness in quickly relieving pain, exhaustion and sudden indisposition."

LIQUOR AND TOBACCO HABIT
...CURED...

"Habit is a cable, we weave a thread of it each day and at last we cannot break it."—HORACE MAN.

What is more disgusting and filthy than the habits of drink and the use of tobacco? Mother Nature did not intend that we should fill our system with these poisons and in time they will run down the strongest constitution.

Magnetic Treatment

as given by Prof. Dennis will overcome and cure you of these habits. Here is a strong testimonial:

"Prof. Dennis: I do not touch liquor any more after using it for asthma for ten (10) years, and I never think about taking a chew of tobacco any more. Before taking your treatments, I could not get along without it. But now I am glad to say I use no tobacco or liquor in any form and I can thank Prof. Dennis for it."

You may use my statement anywhere or at any time.

Respectfully,

EDWIN B. HAYFORD."
